Program Description

Systemic Team Coaching® drives powerful change at individual, team and organisational levels. This 3.5-day experiential program explores how to coach teams to consider both their internal dynamics and external stakeholders, working with the connections and influences within and outside the team. Examining both internal and external aspects, the program provides a valuable way of supporting teams to improve their productivity and performance and therefore realising their full potential.

Following your attendance on the Systemic Team Coaching® Certificate program, Group Supervision and Action Learning sessions are offered at an additional cost. On completion of Systemic Team Coaching® Certificate and Supervision you will be awarded the Systemic Team Coaching® Certificate (Practitioner) which is a requirement for the Systemic Team Coaching® Diploma (Senior Practitioner)

"A really solid, well-designed program which went through self-discovery and more teaching around the principles and application of the Hawkins' Five Disciplines. The pace was good throughout and there was plenty of opportunity to practice and reflect."

"I would strongly recommend this high-quality, intensive program. The focus on the 'systemic' part of systemic team coaching was the real revelation and across three days we covered a lot of ground."

"This certification program was quite honestly one of the most enlightening experiences I've ever had. The ability for Peter to take you out of your comfort zone, challenge your current mental models, and broaden your perspective to new ways of thinking in just 3 days is quite fascinating. It is also something that cannot easily be replicated. You have to truly be immersed in the program with him to fully understand the entire scope of systemic team coaching. I have been studying Peter's work for several years and I still walked away with a completely new understanding of what it takes to be a successful systemic team coach. Of course, having the program on the beautiful island of Barbados was a huge plus as well."
